

Hi, my name is Daniele. I was born in Andria a city in the south of Italy 16 years ago. Now I frequent the ITIS Sen. O. Jannuzzi. My course is on Informatic technology.

In my free time I do skateboarding, karting and snowboarding.

My family is composed of 4 people. I have a twin brother stefano, my mother Maria and my father Amedeo.

I'm very joyful because I'm going to have a new experience and I hope that will have fun.

I want to know new people and culture.
